1. Identification of the Substance / Preparation and of the Company / Undertaking

Product identifier

Product Name: RAIN-X Deicer Spray Aerosol
Stock Numbers: 113569 / RX44014

Other means of identification

Synonyms: None

Recommended use of the chemical and restrictions on use

Recommended Use: Windshield Deicer - Aerosol
Uses advised against: No information available

Details of the supplier of the safety data sheet

Supplier Name: South/Win, Ltd
Supplier Address: 112 Maxfield Rd.
Greensboro, NC 27405
US
Supplier Phone Number: Phone: (800) 648-4393
Fax: (336) 398-5680

Emergency Telephone Number: CHEMTREC: (800) 424-9300

2. Hazards Identification

Classification

This chemical is considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200)

| Acute toxicity - Oral                  | Category 3 |
| Acute toxicity - Dermal               | Category 3 |
| Acute toxicity - Inhalation (Vapors)  | Category 3 |
| Acute toxicity - Inhalation (Dusts/Mists) | Category 3 |
| Specific target organ toxicity (single exposure) | Category 1 |
Flammable Aerosols  Category 1
Gases under pressure  Compressed gas

GHS Label elements, including precautionary statements

Emergency Overview

Signal Word  Danger

Hazard Statement:
- Toxic if inhaled
- Causes damage to organs
- Extremely flammable aerosol
- Contains gas under pressure; may explode if heated

Appearance  Clear  Physical State  Liquid  Spray Aerosol  Odor  Mild

Precautionary Statements - Prevention
Wash face, hands and any exposed skin thoroughly after handling
Do not eat, drink or smoke when using this product
Wear protective gloves/protective clothing/eye protection/face protection
Use only outdoors or in a well-ventilated area
Do not breathe dust/fume/gas/mist/vapors/spray
Keep away from heat/sparks/open flames/hot surfaces. - No smoking
Pressurized container. Do not pierce or burn, even after use
Do not spray on an open flame or other ignition source.

Precautionary Statements - Response
IF exposed: Call a POISON CENTER or doctor/physician
Specific treatment (see supplemental first aid instructions on this label)

Skin
Call a POISON CENTER or doctor/physician if you feel unwell
Wash contaminated clothing before reuse
IF ON SKIN wash with plenty of soap and water
Remove/take off immediately all contaminated clothing

Inhalation
IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing
Call a POISON CENTER or doctor/physician
Ingestion
IF SWALLOWED: Call a POISON CENTER or doctor/physician if you feel unwell
Rinse mouth

Precautionary Statements - Storage
Store locked up
Store in a well-ventilated place. Keep container tightly closed.
Protect from sunlight. Do not expose to temperatures exceeding 50 °C / 122 °F

Precautionary Statements - Disposal
Dispose of contents/container to an approved waste disposal plant

Hazards not otherwise classified (HNOC)
Not applicable

Unknown Toxicity
4.4% of the mixture consists of ingredient(s) of unknown toxicity

Other information
PROLONGED OR REPEATED CONTACT MAY DRY SKIN AND CAUSE IRRITATION

Interactions with Other Chemicals
Use of alcoholic beverages may enhance toxic effects.

3. Composition / Information on Ingredients

4. First Aid Measures

First aid measures

General Advice Call 911 or emergency medical service. Remove and isolate contaminated clothing and shoes.
Eye Contact  Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Keep eye wide open while rinsing. Do not rub affected area. Seek immediate medical attention/advice.

Skin Contact  In case of contact with liquefied gas, thaw frosted parts with lukewarm water.

Inhalation  Move victim to fresh air. Give artificial respiration if victim is not breathing. Administer oxygen if breathing is difficult.

Ingestion  Do NOT induce vomiting. Rinse mouth immediately and drink plenty of water. Never give anything by mouth to an unconscious person. Call a physician or poison control center immediately.

Self-protection of the first aider  Ensure that medical personnel are aware of the material(s) involved, take precautions to protect themselves and prevent spread of contamination.

Most important symptoms and effects, both acute and delayed

Coughing and/ or wheezing. Difficulty in breathing.

Indication of any immediate medical attention and special treatment needed

Notes to Physician  Keep victim warm and quiet.

5. Fire-fighting Measures

Suitable Extinguishing Media
Use extinguishing agent suitable for type of surrounding fire. Dry chemical, CO2, water spray fog or regular foam. Move containers from fire area if you can it without risk. Damaged cylinders should be handled only by specialists.

Unsuitable extinguishing media
Do not extinguish a leaking gas fire unless leak can be stopped.

Specific Hazards Arising from the Chemical
Some may burn but none ignite readily. Ruptured cylinders may rocket.

Uniform Fire Code  Aerosols: Level II

Hazardous Combustion Products
Carbon oxides.
Explosion Data
Sensitivity to Mechanical Impact  Yes
Sensitivity to Static Discharge  Yes

Protective equipment and precautions for firefighters
Move containers from fire area if you can do it without risk. Damaged cylinders should be handled only by specialists.

6. Accidental Release Measures

Personal precautions, protective equipment and emergency procedures

Personal Precautions  Stop leak if you can do it without risk. Do not touch or walk through spilled material.

Other Information  Ventilate the area.

Environmental Precautions

Environmental Precautions  Prevent entry into waterways, sewers, basements or confined areas. Use water spray to reduce vapors or divert vapor cloud drift. Avoid allowing water runoff to contact spilled material.

Methods and material for containment and cleaning up

Methods for Containment  If possible, turn leaking containers so that gas escapes rather than liquid. Allow substance to evaporate.

Methods for cleaning up  Do not direct water at spill or source of leak.

7. Handling and Storage

Precautions for safe handling

Handling  Handle in accordance with good industrial hygiene and safety practice. Contents under pressure. Do not puncture or incinerate cans. Keep away from open flames, hot surfaces and sources of ignition. Avoid contact with eyes. Avoid breathing vapors or mists.
Conditions for safe storage, including any incompatibilities

Storage
Keep containers tightly closed in a dry, cool and well-ventilated place. Keep out of the reach of children. Protect from moisture. Store away from other materials. Store locked up. Keep away from heat, sparks, flame and other sources of ignition (i.e., pilot lights, electric motors and static electricity). Keep in properly labeled containers. Do not store near combustible materials. Keep in an area equipped with sprinklers. Store in accordance with the particular national regulations. Store in accordance with local regulations.

Incompatible Products
None known based on information supplied.

ACGIH TLV: American Conference of Governmental Industrial Hygienists - Threshold Limit Value OSHA PEL: Occupational Safety and Health Administration - Permissible Exposure Limits Immediately Dangerous to Life or Health

Other Exposure Guidelines
Vacated limits revoked by the Court of Appeals decision in AFL-CIO v. OSHA, 965 F.2d 962 (11th Cir., 1992) See section 15 for national exposure control parameters
Appropriate engineering controls

Engineering Measures
- Showers
- Eyewash stations
- Ventilation systems

Individual protection measures, such as personal protective equipment

Eye/Face Protection
- Tight sealing safety goggles.

Skin and Body Protection

Respiratory Protection
- No protective equipment is needed under normal use conditions. If exposure limits are exceeded or irritation is experienced, ventilation and evacuation may be required.

Hygiene Measures
- Handle in accordance with good industrial hygiene and safety practice. Do not eat, drink or smoke when using this product. Take off contaminated clothing and wash before reuse. Avoid contact with skin, eyes or clothing. Wear suitable gloves and eye/face protection. No information available.
- Regular cleaning of equipment, work area and clothing is recommended. Wash hands before breaks and immediately after handling the product. Do not breathe vapor or mist. Contaminated work clothing should not be allowed out of the workplace.

10. Stability and Reactivity

Reactivity
No data available.

Chemical stability
Stable under recommended storage conditions.

Possibility of Hazardous Reactions
None under normal processing.

Hazardous Polymerization
Hazardous polymerization does not occur.

Conditions to avoid
Excessive heat. Heat, flames and sparks.

Incompatible materials
None known based on information supplied.

Hazardous Decomposition Products
Carbon oxides.

11. Toxicological Information

Information on likely routes of exposure
Inhalation
Specific test data for the substance or mixture is not available. Toxic by inhalation. (based on components).

Eye Contact
Specific test data for the substance or mixture is not available.

Skin Contact
Specific test data for the substance or mixture is not available. Toxic in contact with skin. May be absorbed through the skin in harmful amounts. (Based on components).

Ingestion
Specific test data for the substance or mixture is not available. May be harmful if swallowed. (based on components).

Information on toxicological effects

Symptoms
Coughing and/or wheezing. Difficulty in breathing.

Delayed and immediate effects as well as chronic effects from short and long-term exposure

Sensitization
No information available.

Mutagenic Effects
No information available.

Carcinogenicity
Contains no ingredient listed as a carcinogen.

Reproductive Toxicity
No information available.

STOT - single exposure
Based on classification criteria from the 2012 OSHA Hazard Communication Standard (29CFR 1910.1200), this product has been determined to cause systemic target organ toxicity from acute exposure. (STOT SE). If this product is a mixture, the classification is not based on toxicology studies for this product, but is based solely on toxicology studies for ingredients found within this product. Detailed substance and/or ingredient information may be provided in other sections of this SDS. Target organs effects listed in this document may result from a single overexposure to this product. Causes damage to organs if swallowed. Causes damage to organs in contact with skin.
STOT - repeated exposure

No information available.

Chronic Toxicity

Effects from this product caused by acute exposure may cause permanent damage to target organs and/or may cause chronic conditions.

Target Organ Effects

Aspiration Hazard

No information Available

Numerical measures of toxicity

Product Information

The following values are calculated based on chapter 3.1 of the GHS document

ATEmix (oral) 135.00 mg/kg

ATEmix (dermal) 405.00 mg/kg (ATE)

ATEmix (inhalation-dust/mist) 0.68 mg/l

ATEmix (inhalation-vapor) 4.00 ATEmix

Ecotoxicity

The environmental impact of this product has not been fully investigated.
